

# SINCLAIR SMILES AT HIS SENTENCE TO HANG

Negro Slayer to Pay Penalty in January.

## SAYS WITNESSES ALL LIED

Convicted of Shooting Daisy Maddox in A B C Alley—First Death Sentence in Two Years.

John Sinclair, the one-legged negro who was convicted in Criminal Court No. 1 on Wednesday last of the murder of Daisy Maddox, also colored, was today sentenced by Justice Alderson to be hanged in the District jail on January 20, 1903.

Sinclair had not a word to say in his defense as he faced the court. When the sentence of the court was announced a smile passed over his face as he turned to walk back to his cell in the basement of the City Hall.

Sinclair was found guilty of murdering Daisy Maddox on the night of February 16 last at 124 A B C Alley, by shooting her with a pistol. He did not testify in his own defense. He said to a reporter for The Times this morning, however, that all the witnesses who testified against him lied.

Sinclair showed more interest this morning in getting possession of a black sack coat which he says belongs to him and is held by the police than he did in the fact that he was in a sort of time to be sentenced to death.

The last man to be hanged in the District jail was Nelson Vale, colored, who was convicted of the murder of Alexander Jackson. He was hanged on July 6, 1900.

On seeing the police, Quarles, approaching a call box, Quarles dodged into a basement doorway, where he was caught by the detectives. Officials Here Puzzled Over Failure of San Francisco Authorities to Act.

Another delay in the O'Brien extradition proceedings in San Francisco was reported in a dispatch to Major Sylvester today by Detective Helan, who has been trying for two weeks to secure the return of the alleged embezzler to this city. The authorities here are puzzled over

the delays in this case and are at a loss to understand why the United States officials in San Francisco are so slow to grant an order for the return of O'Brien. ## RHEUMATISM

Rubbing with liniments, blistering, the application of plasters; in fact anything that will produce counter-irritation, is good for external treatment of Rheumatism, but these simple remedies do not reach the seat of the disease nor touch the real cause, and relief is therefore only temporary.

Rheumatism is due to Uric Acid and other irritant poisons in the blood, and as it circulates through the system, these acid poisons are deposited in the muscles, joints and nerves, and exposure to night air, cold east winds, or any sudden change in the weather, will bring on an attack which may last for a few days or linger on for months. Every battle with Rheumatism leaves the blood in poorer condition, while the corroding acids are gradually consuming the oils and fluids that lubricate the muscles and joints, and they become stiff and sometimes immovable.

Rheumatism, with its sharp, cutting pains, can never be conquered until the acid blood has been cleansed and purified, and all irritating substances neutralized and filtered out of the system, and nothing does this so promptly and effectively as S. S. S. Under the purifying and tonic effects of this vegetable remedy the blood is made pure, the general health is rapidly built up and the sufferer obtains happy relief from the torturing, nagging pains of Rheumatism.

# EGYPTIAN DARKNESS AT WHITE HOUSE DINNER

Quentin Taking Rides on Elevator Cut Off Current.

The lights at the White House played a strange prank at the little dinner given by the Roosevelts to a few friends last night. Suddenly they flashed and faded, and then went out altogether, and then as suddenly reappeared in the very middle of a course. The weird thing happened several times.

The electrician was sent for and made a searching investigation, but the cause was not discovered until after the guests had departed.

Young Quentin Roosevelt was at the bottom of it, to be more accurate, was at the "button" of it. He was shooting up and down in the new electric elevator, and every time the machine would start, the power needed for the lights in the house was withdrawn from the dining room and the President and his guests were left in darkness. A force of electrical workers are busy today changing the wires in the White House so that there will be enough current to work the lights and the elevator at the same time.

## INTERESTING FACTS.

### For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the claims then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package costing but 50 cents at any drug store made a complete cure. In every instance, the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest, but assure our readers we receive so many complimentary letters that we cannot publish each week a fresh list of genuine, unsolicited testimonials and never publish the same one twice.

From James Yemmelier, La Crosse, Wis.: "Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried, and I was so pleased at results that I gave away several boxes to my friends, who have also had the same benefits."

From Mrs. M. K. West, Preston, Minn.: "I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of my last box to a friend who also suffered from indigestion, and she had the same good results."

From Mrs. Agnes K. Ralston, Cadillac, Mich.: "I have been taking Stuart's Dyspepsia Tablets, and I am very much better, and feel very grateful for the great benefit I have received in so short a time."

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and physicians and druggists everywhere recommend them to all persons suffering from Nervous Dyspepsia, sour or acid stomach, heartburn, bloating, or wind on stomach and similar disorders.

## "Open a Charge Account at Castelberg's."

This credit system of ours is the greatest advertisement the house can ever have or hope to have.

Every man or woman who opens an account here is reminded at each payment of the liberality of the system—of its convenience—and of it itself as the best way of buying.

When one buys Diamonds, Watches or Jewelry, and makes it a cash trade, it often entails a sacrifice. It's just the opposite when you buy on our plan. Buying Jewelry on credit encourages the accumulation of things of value—that you enjoy while paying for—and that are always worth money; if one should want to realize on them. At the same time we will save you at least 25 per cent on the prices asked by the so-called cash jewelers.
